

Failure Club

Here we are again with the ever popular "Failure Club". Just about everyone is breaking their necks to become members; well that's my impression after reading the February issue of the World of Tenpin. In the Editorial Keith Hale explained that he receives a lot of criticism for not including Fred Bloggs and his first 600, and continued, "each area should have its own publication to cover local events," and cites SEBA BOWLING NEWS as an example. He concludes, "If you live in a strong bowling area that does not have the benefit of a local publication why not get together a few enthusiasts and get something going. You'll get lots of help once it gets off the ground." — KEITH!! That's the best laugh I've had for years!! Bowling News, SEBA's that is, has been produced since 1965, by Brian Morrison and Brian Langford until 1979 or 80, and they used a large crystal ball and a big stick with a nail in the end to collect their copy. HELP?? KEITH!! HELP??? I know you sincerely believe that every area should have one, and I agree, but all the help they, and I receive is when we do it ourselves. 'Welcome to the Club Keith'.

Cheers

A recent advert on TV sang the praises of a sparkling wine from France. I think? As particularly good for anniversaries; The General Secretary of the BTBA is not given to miss many chances, and asked the importers Reckitt & Colman if they would supply a quantity of their nectar for consumption at the reception to celebrate the 21st Anniversary of the BTBA National Championships, for the usual recognition in the Championships brochure. He received a reply, and was asked to contact their public relations officer, a Miss

whoever it was — "Well" thought our illustrious Gen Sec "I'm in here, a few bottles of bubbly will make our party go with a real swing — after all it's free gratis," whistling to himself as he dialed the number. "Hello," says a very cheerful Gen Sec and explained his purpose and mission, "Oh dear", replied a very sweet relations officer, "how nice," "how sad," "so sorry," "I do not think" and all his hopes went POP! — *not Champs*, not even a cork! — **MUSTARD!! MUSTARD??** — *yes MUSTARD!!* To dress his cocktail sausages, and various other samples in nice little packets to RAFFLE at his little do. Now it is not for me to assert that the importers have not heard of Tenpin Bowling, or that the importers had misunderstood or Gen Sec, but someone has to be in our Club! *Hello MAURICE.*

Bowl Manager **Kerry Purcell** from **Whitstable** as applied for Club membership with a score that will please the Editors of "Southern Scene", 246-140-216, and before "Southern Scene" reminds us it totals 602, we know it does. But Kerry seems like a nice boy, so he is in. By the way, so is "Southern Scene". **Basildon's Senate League** was to witness **Keven and Sue Wright, Bob Adams and Jack Day** become "Failure Club" members. Their team **Constructor Fleet (CF)** were top of the league and needed to defeat their opposition 8 nil on the last night to become League Champions. The odds were in their favour because their opposition were firmly placed at the foot of the league. CF started 2 'pictures' down, and by the 5th frame had lost another 12 'pictures'. Collectively CF only closed one frame, and by the 5th frame **Keven** had scored a magnificent 49!! — Yes they LOST — 513 to 600 plus. Never mind Constructor Fleet, 'Failure Club' membership is all yours.

Bob Packman in the **Spartan Trios** at **Bexleyheath** on the 16/12/81 became a

'FC' member with 209-183-99, 491, almost the best yet. **John Williams**, 491, almost the best yet. **John Williams** bowling for ASA 400 in Bexleyheath's **Round Table League** thought it was his day when he had reached the 5th frame in his first game and had scored 115!! "all set for 200 thinks John," but finished with 190. Disappointed, but not deterred opened his second game 4X 9 spare for 119 in the 5th without counting the 1st ball of the 6th, "This time I can't fail" John convinces himself. But lightning was to strike twice, he took his eye of the lane for one minute and some miscreant had rubbed out his line, and he finished with 178. A third game of 155, and he finished with 523, not a bad night's bowling if your not a MEGASTAR, but John was not happy, broadly translated he was as sick as a parrot. He thought it was his day. Cheer up John, it is the Chinese Year of the DOG, you must have at least one this year. It's my only hope. Just a minute John, I have found the answer, it was under exposed!!

Alan Hutchins is with us again. You can't keep him down, bowling in the Fireball League with Big 'B' for first game read **Steve Carnall 239, Vic Lewis 245, Alan Hutchins 153**. Alan was caught on 21 beer frames. Cheers, Alan.

Peter Blake with a 151 average in the Concorde League, Bexleyheath bowling for the **Perishers** proved all is not lost when he scored 169-98-233. **Pete Smith** in the Euro Kitchens League, Southend scored 277-157-155, 589 series. I have no other details than that, but it's good enough for this page. **Jerry Lodge** has stepped forward with a 148 average in the Bexleyheath Friday Fours, opened with a steady 152, followed by 207 which finished with 5 in a row. Feeling flushed with success he went in to the third game and only managed 2 spares and 1 strike for 118 thereby failing to roll 500. When asked why the 'Failure Club' he replied "It's the only thing I'm likely to qualify for." What could I say? Except he runs the very successful Bexleyheath NAYBC.

I have ordered Failure Club Badges, and in the next issue I shall list all of the Club Members.

from Joe Cool

Dear Rug Face,

You wanted copy for the mag, so just cop this lot.

We in SEBA reckon to belong to the BTBA through the best area association in the country. We have the largest area championships in the country, some really on the ball officials, some of the friendliest lanes in the whole of Christendom, and yet even we can't show a united front.

We make a paltry 3p per series contribution towards the running costs of the association. Or most of us do. Even had this been raised to 5p we'd still be getting a cheap deal. But what happens when such a proposal is made? So called loyal members threaten to withdraw their contributions completely. Well allow me to quote H. G. Wells to you short sighted types. Old H. G. wrote a rather good book entitled "The War in the Air". In it he foretold fictionally the advent of long distance warfare. All to no avail. In the preface to the 1941 edition he pointed out that what he'd been predicting for many years had been based on public knowledge and that anyone not wearing blinkers could have foreseen the effect of the causes. He had seen what was coming and how easily it could be avoided. When it came he could only bitterly point out how blind people had been. His words in that preface where "You fools. You damn fools".

Well, that's what everyone of you folks who begrudge a shilling a series is. You sir. And you madam. You bunging that two shilling piece in the handit. You spending twelve and eight pence ha'penny on a pint. You on the four bob Space Invaders machine. Fools. Damn fools, each of you. For the lack of two pence more, less than a tanner, you have decided to keep your association at a level where it ticks over. Oh sure, ticking over will suffice. What it won't do is provide sufficient paper and other stationery to keep the members of the association up to date on all developments they should know about. What it won't do is provide your officials with modest, let alone realistic, compensation for the time and effort they put into making sure your area is properly administered. What it won't do is provide a decent trophy renewal programme.

What does lineage cost at your centre? And your subs? And your points fund? And transport to and from the lanes? Are you that impoverished that another 2p will consign you to eternal penury?

I heard that muttered remark, and would point out that women and kids read this mag. However, I shall endeavour to answer it, albeit shorn of the adjectival embroidery you chose to adorn it with. No, I'm not a rich something. No, my colourful wife doesn't work, she stays at home looking

after our highly unlikely at his age son. We have no other extremely athletic income. Yes, we do find it a matter for censorship struggle to make ends meet. But make ends meet we do. And still would even if the Infamous SEBA hiked their iniquitous rates to the dizzying heights of one whole shilling.

I bowl once a week because that's all I can afford. If I had the money I'd bowl more often and would still want to see a more realistic rate paid to my association. I heard that as well. I'm not denying that as a league secretary my lineage is paid by my league. So's the treasurer's. That's been the case for quite some time now. Previously I paid. The lot. Lineage, subs and SEBA contribution. Including a prolonged period on the dole. No, I don't think that's hypocritical. If I were stinking rich I'd still expect my lineage to be paid by my league, on the basis that people appreciate more those things they pay for. I provide a good service to my league. My members know they're paying for those services, and in fact, since the inception of the payments, use those services more thoughtfully.

So too on a much larger scale, are we, the association members, now aware that there is an amount of administration and organisation that is done by people. Not stuff that miraculously happens, but is actually done by a process of physical and mental effort. When you go to a tournament that hairy one who tries to flog you a badge (you do try with other people as well, not just me, don't you Ted?) and the not so hairy one with the bins, and all the others with sweat on their brows, they're doing their best to ensure you have a hassle-free time. To suggest that the services they provide ain't worth ten times the price is reminiscent of the rear view of a large herd of superannuated bison.

So next time it's suggested that your contributions be raised, don't go all thrifty. For heaven's sake, surely your association is worth a shilling a series?

So what's next on the list? Ah yes. I see in the "World of Tenpin" that Maurice Glazer's desk has written an article that includes the phrase "Ask not what the BTBA does for you — what you do for the BTBA?" To which I reply (and my kitchen cabinet agrees), "Subsidise a supposed prestigious tournament, the Nationals, but not any more my old cock."

I've had it up to the gills and beyond with pitching my hard earned roubles into a fund for high rollers. The scratch divisions are fine. Everyone competes on equal terms for the mazuma.

Now stroll over here and take a gander at this. No not my collection of vintage Port Said artistic postcards.

This. The handicap divisions. Observe. Joe Lowe has an average of 126. Cy Hyghe has an average of 182. Who has the advantage? It ain't Joe, that's for sure. Whether they both play to average, both play the same percentage above average or both play the same number of pins above average poor old Joe is gonna bomb out. That's fairy nuff. Nobody's asking for Cy's skill to be completely nullified. But the killer is that Joe has to put up with a limit being applied to his handicap. Joe has got just about zilch chance of getting anything apart from into debt.

No Siree. I'll stick to tournaments that give the Joe Lowes of this world only one hand tied behind the back. Failing that I'll take my chances with the three card merchants in Oxford Street.

* * *

Next sacred cow please.

How about the joke in the rule book about fostering and maintaining "the spirit of good fellowship and true sportsmanship"?

I'm surprised the big boys haven't got together and had that erased.

Hey! You there. You with the pained expression. How long since you started bowling in a league? Joined through a low av. grass roots league, eh? Found it such good fun that improvement was no sweat over the years, hmm? Your average went up and up until you felt you needed stronger opposition so you joined that prestige league, right? Lost twenty six series on the trot. Number twenty seven, the gods smile on you, everything goes just right. You thrashed the thingies off your opposition, right? Shook hands afterwards and he put the ole knuckle crusher on you. Series number 28, you still got sore fingers. Three times in the first game someone fumbles their ball off the rack onto the deck just as you're releasing. Why, yeah, it would make you pop it into the gutter. And the second game, all those shadows flitting across the telescope screen, enough to put anyone off. No, honest, I agree. Still, despite that, your third game was a real blinder, I can tell. No, don't blush, it must have been a least forty above average. How can I tell? Oh, just a lucky guess I suppose. What? Yeah, of course you can join our cruddy little league. No rush though, you just make sure those knuckles have healed properly first. That's the second time in a fortnight, innit?

* * *

Anyway, my old, seeing as how you're that hard up for copy, and the tight wotsits won't cough up enough for you to purchase rejection slips, I reckon you just might use this to fill some space in your fine journal. If you do I've lots more where this came from (Gods preserve us all!) Speaking as one who always goes for the Brooklyn and normally gets the Bronx (cheer) I know you'll be anxious to sign up this previously untapped source of journalistic talent.

May you always have one more shot in your locker.

"Joe Cool" (Roy Mitchell)

Scene Around SEBA

BASILDON

Marion Drury bowling in the Monday Mixed Fours at Basildon completed a 627 series that included a 258 game. She now leads the Area Hi's for the series by one pin over Sheila White.

BEXLEYHEATH

Roger Mace playing in the Spartan Trios scored his first 600 recently, 193 - 175 - 253 = 621, the last game read 3X 8— 6X 9 spare. This year Roger has taken his average from 120 to 162, and has been the League's most improved bowler for the last two seasons.

Grahame Wooley bowling for Organised Chaos in the Friday Fours bowled his first 200 game with 201.

In the Rainham Sports League at Bexleyheath, Aubrey Belson and Peter Blake converted the BIG 4 split, now that can't be bad, but it's off to the Failure Club for you chaps, no, not for converting the Big 4, but for leaving it in the first place.

On the subject of the Failure Club, members to this now Famous Club can purchase a badge to show that they are members. They cost 80p each and are worth every penny. Steve White wants a badge for scoring 166-246-156. That will cost you 80p Steve.

Terry Munson has been on form lately with 667, that included a 255 game in the Olympic League, and 669, with a 252 game in the Round Table League. All good scores, but they just failed to make it to the Area Hi's. Could that be another 80p??

Alan Kirk with 202-258-269 for 729 will not be asked to pay 80p. Instead his score leads the Men's Singles on the Area Hi's. Incidentally Alan's 729 is the 89th 700 plus series registered in SEBA, always providing my information is correct.

The Sting have played their way into this season's Area Hi's with a 1883 trios series in the Round Table league. Their series included a 668 game, Mac McCartney 237, Roy Hudson 226, Phil Puttick 205. Well done lads, 4th in the Area Hi's, but failed to take the League's Hi Game. What's 80p three times??

Steve White and Alan Hutchins in the Spartan League have entered the Area Hi's with a single game of 425. Yes it's the A.H. of F.C. Fame.

How many of you have taken the trouble to read Feminine Focus?

Not many I'll bet! Well you do not know what you're missing. Produced by the Womens National Committee they report upon all aspects of the Womens bowling scene, reports from around the Centres, what is happening to the UK Ladies Squad, and reports from the many tournament they promote: From the latest edition, slightly edited by yours truly, a report from Bexleyheath by Vera Roper. Bexleyheaths' Monday Mixed Doubles begins early evening consists mainly of husband and wives, one such team is now called Cat Dog & Baby. The team is Fran & Mick Honess. Fran a member of the 1981 Kent Ladies team with a 176 average, plus unborn child — Mick, 165 average, no extra weight and married to Fran. They finished bowling on Monday having bowled average, went home, and very soon after were on their way to the maternity Hospital. Just imagine the Head Line if this happy event had happened earlier — **BABY BORN ON LANE 16** — Catch em early I always say. I would like to add BN'S belated greetings to baby Honess, and our congratulations to Fran & Mick: . . . O'Dear I nearly forgot, Fran was delivered of a baby girl at 08.00 a.m., and she weighed 6 lb 10 oz. That information is for the Ladies.

The Valley Ants nearly had babies when they played the Chessmen in the Olympic League recently. The Ants started the game plus 77 pins on handicap, and by the 3rd frame that lead had been reduced to level — by the 7th frame they were 194 pins down and had stopped counting. With only 3 frames left could the Valley Ants stage a recover ??? . . . Yes . . . they lost, they had been trampled on by a team of Chessman led by Bill Bridge, Bill had started the assault with 4 in a row, an unbelievable 5th frame that left the 3-6-10 & 7 pin standing after the first ball. Billy opened that frame, and finished with 7 in a row or 264. Mike Hand 179, Eric Baker 191, Paul Stevens 214 & Dave Turner 214 for a 1062 game. They have taken the leagues Hi game from Alpha Omega by 27 pins, and move in to 3rd place in the Area Hi's for 5 person team single game. The Valley Ants ? Well they have survived to fight another day.

Buzz & Janet Morrison in the Guys & Dolls League hit 1172 for 2nd place in the Area Hi's in the

mixed doubles.

Steven Carnall in the Round Table league scored 677 which included a 268 game just misses the Area Hi's. Could this be another 80p ??

CLIFTONVILLE

During February Cliftonville held their House Championships, tournament organiser Vicky Timms was disappointed with the low entry, and hopes for more competitors next year. Anne Simmons walked away with the Lades Scratch and Handicap Singles, accompanied by Sue Jenkins they won the Ladies Scratch Doubles. Jean Argent & Sylvia Colley are the Ladies Handicap Doubles Champions. Anne Simmons led her team to victory in the Ladies Scratch team event, and Win Holt's Team are the Ladies Handicap Champions. Paul Crundell is Cliftonville's H/cap & Scratch Singles Champion. Scratch Doubles went to Chris Smith & Jim Harrison. Handicap Doubles to Larry Saunders & Mick Chapman. Paul Crundell's team won both Team scratch and Handicap. Four other prizes were awarded for Hi games and they went to Keith Luxton 235 Geg Lewis 223. Joyce Chapman 207 & Vicky Timms 201.

April the 4th and the Cliftonville Mixed Doubles attracted more entries than the House Championships. The Tournament was classified into three groups, and the winners were Div 1 Rene Hams & Frank Boyden. Div 2 Carol and Greg Lewis. Div 3 Keith Luxton & Anne Simmons.

Bowlers of the Year to date at Cliftonville for Jan Feb & MCH are, Chris Smith, Anne Simmons, Graham Welch, Jill Baldwin, Bob Potts, Ron Mason, & Carol Winn. Report from Vicky Timms.

DAGENHAM

Mark Sullivan has moved into 4th place in the Junior Singles on the Area Hi's with a 263 game in the Enterprize League.

Pete Butcher from the Masters League takes 1st place in the Area Hi's mens singles with a 278, and moves into 4th place with a 686 series. Pete Babot in the Supreme league moves in to 2nd place with a single game of 276. Joe Artner also from the Supreme league rolled 272. Mark Allen 275 game — Jake Jacobson 672 series, 257 game in the Constellation league, all three are just short of the top 4 in the Area Hi's for the series and game.

The Eric Baker Tournament produced a few Area Hi's — George Patel & Bill Preston 1285 series, 473 game for 1st place in the doubles for the game & series. Billy in the series hit 692 for 3rd place in the Area Hi singles, and was robbed of another 700 by 2 horrible 8 pin taps; 80p for your thoughts Bill. The Sunday Rollers have finished their winter season, and in 1st place with 68½ points **Dagenham Motors**, 2nd **Black Magic** 82, 3rd **Fuzz** with 60 points.

League positions for the week ending 13/4/82 in 1-2-3 order. **Masters League, Aquila — Bullets — Hawks**, Supreme League, **Travellers & Play Boys**, Comets, **Mecca, Solar League, Columbia Royals**, Rollin Pins, Match Box, **Capitol Doubles, Black Magic**, Silver Rollers, Just Two, **Star Wars League**, P. Matthews, B. Preston, P. Babot.

SOUTHEND

We had sent a SAE to the Secretary of the Southend House Committee, but to date we have not received a reply. Nothing said, is nothing read.

U.K. Junior Mark Presley in Southends European Kitchens League is back into the Area Hi's with a 693 & 683 series, and leads the Juniors with a single game of 288 which included 10 in a row.

From *Feminine Focus* — Sweet Caroline, Carol Pomeroy to be precise, a newcomer to Ten Pin with a 142 average was delighted to achieve a 529 series that included a 200 game. She should fair well in Dagenhams' Capitol Doubles.

WALTON

Who would have thought that making Walton Pier Bowl, Bowl of the Year would have lead to Walton's TenPin News being impounded by the Bowl Management for publishing a letter from a Walton League President on the standards and conditions within the Walton Bowl. As Editor of SEBA's *Bowling News* I agree with TenPin News in their article *Right to Write* and I quote, "every member has the right to write, although it does not follow that TenPin News will have the right to publish any correspondence which may be likely to cause offence or encourage disputes. The dividing line between these two factors may get a little

thin from time to time, but using the yardstick of if it is fact, and of general interest — Publish — we should not drift to the wrong side intentionally. . . . With courage of his convictions said member wrote to the Bowl Director, and forwarded a copy to 'TN' for publication. Unfortunately the correspondence in question appears to have been in-favourable received as various verbal ultimatums resulted, and to conclude Walton TenPin News published the Letter that criticised the editors of *Bowling News* for making Walton Bowl of the Year, and suggested that we would pay a visit to our opticians, and visit Walton in the Winter without our thermal underwear." Now it is not for me to aggravate this situation, but I understand that all the copies of Walton's TenPin news has been confiscated by the bowl management. Action that can only be described as Drastic. Have they not heard of the right to reply. As editor of *Bowling News* I exercise that right on my behalf now.

Bowling News made Walton Pier Bowl, Bowl of the Year based upon it's services to the leagues over and above those services normally received. Several Walton Leagues have adopted a format of play not catered for in materials from the BTBA, and the Walton Pier management provide the necessary materials these leagues require. I realise Walton Pier Bowlers pay a club fee, but that fee does not meet the cost of providing such service. Another reason for our choice is the number of Tournaments that are staged at Walton, with guaranteed prize funds, ten such tournament in 1982. We decided that such services deserved recognition.

It is my fervant hope that Walton Bowl Management exerises it's Right to reply in Walton TenPin News, and Status Quo returns.

Still at Walton, the New Beach Cash league has finished it's season. In 1st place Walton Pro Shop, 2nd Sporting Farmer, 3rd Mixers. Team Hi game and series scratch Pro Shop 861, 2386. Team Hi game handicap Four Aces 929. Team Hi Series handicap Persuaders 2556. Invididual Hi Game Scratch C. Cole 269. Hi Series Scratch Scottow. Hi Game H)Cap C. Newstead, 293. Hi series H/cap T. Brokker 725. Hi Averages Paul Scottow 196 over 99 games, Terr Hewitt GB Junior 195 over 24, John Mills 194 over 42 & Robin Garton over 84 games.

WHISTABLE

June Small and Malcolm Riddall in the Tuesday Duo's league scored 451 for 1st place in the Area Hi's, and June has taken 1st place in the Ladies singles with 260.

New League at Basildon

Hi!

My name's Keith Starbuck, I'm secretary of the York Borg/Warner League (Basildon).

I was asked if I would like to contribute an article to *Bowling News*, which I'm happy to do.

We are a new league, 90% of our members have never bowled before, we originally formed as a company club and progressed from there.

We have now been bowling together for about 6 months, our lowest average is around 100 going up to 172, the league average at around 145, there are 26 members and increasing, 8 x 3 man teams and 2 reserves.

We have had a number of high scoring games (for example)

Chris Lizzimore 236

John Eames 214 216

Kyril Ryan 200

and regular 190's, 180's, 170's.

Not bad for a young club eh!

Some members of our club have challenged our sister company in West Germany and will be representing York Borg/Warner Air Conditioning in April at Mannhiem with a return engagement to be arranged at a later date.

If anyone out there are interested in challenge matched to give us experience we would be happy to oblige.

We have already played Regent Club at Great Yarmouth and they will be returning to us on June 6th at Southend.

Now you know all about us, how about letting us know some of you out there, if you would like to contact me about challenge matches my address is:

28 Winstree,

Basildon,

Essex.

I hope to read about you all soon.

Keith Starbuck

Thank you Keith, I hope all your members enjoy reading "Bowling News" and look forward to many more reports from your league.

Ted Shrimpton
