WHY NOT MAKE UP A TEAM or ENTER JUST ONE EVENT.

Now I'm off my soap box, it's time for the more serious stuff. Yes fans it's Failure Club Time: I have, for my sins and pains, taken to trying to use an **Offset Litho Machine**. A Multilith 1250 to be exact, and I can assure you that this machine has a mind of it's own, and is very choosy who it works for. There are four parts to this monster, Miss Feed, Dampy Roller, Inky Roller and Scummy Plate. More than parts, they are enemies, my enemies and little did I know what, or the be more precise who I was taking on. Remember when J.C. had a fight with the Gestetner? Well J.C. I know how you feel. **Exhausted — Frustrated — and Exasperated** through to pure anger, but all to no avail. With the Gestetner, if I wore a tie and spoke in low dulcet tones, promised it all sorts of goodies such as a new tube of ink, and a rub down with the occasional clean rag, all would be well. Not so with this monster, for a start it's an atheist of the first order, for all my cries to GOD have been in vain, the only time these villains respond, is when I take along a very good friend of mine described as a 14lb hammer. I now know why it takes 5 to 7 years to master one of these monsters. Whoever designed this machine is a sadist. Inky, Dampy, Scummy and Miss feed are ably assisted by all other moving parts. To much suck,

and not enough blow, or the reverse and you're in trouble, oh do stop giggling, I'm being serious. Not enough water and Scummy Plate appears, an evil lad this one — likes to put ink where ink should not be and my, my, what a mess. Miss Feed likes to cause the paper to be delivered too late or too early so that the paper wraps around her friend Inky rollers. Miss feed is at her best when you're not looking, and Inky grabs a sheet or two and shares it amongst his friends. Whilst you're removing bits of very inky paper from the rollers you rotate the machine and forget to lift the ink rollers from the printing plate, and our old friend Scummy reappears. To make matters worse, you have just said to yourself, "cracked it this time," and taken off your rubber gloves — now you're covered in ink, and yes friend it's water-proof. Enter another nasty M.E.K., now here is a real villian. He removes INK from everything except hands. So between these villains you hope and pray that you have at least enough ink in the right places out of the thousands of sheets that you have fed through this infernal contraption to satisfy demand. So there we are fans not so much a failure more a way of life. So who's in the

CLUB? Can't be ME again! So it MUST BE "IT".

**Gordon Phillips** has been nominated by his wife Sheila he scored 130-222-171 whilst bowling for **Organised Chaos**. Sheila wants to buy him a badge. The "Lad" scored 192-124-233 at Southend in the Shrimpers League, playing for the **Travellers**. Oh yes it was his birthday, what a dip stick.

The Club Tournament produced a few members the first being **Gary Presley**, he scored 100 in his first game but did not set the lowest low, that honour went to **Nigel Cash** with 86, your's truly struggled to 98, so **Gary's** 100 looks reasonably and his membership must be in doubt because at least he made three figures. Oh all right, I'm persuaded 80p for a badge and he's in.

One of the all time best entries for the Failure Club must be **Dagenham's Tony Hartley**. Bowling in the **Supreme League** for the **Roadrunners** just before Christmas and playing against **BT Bowling Products** he proceeded to leave the 6-7-10 split — and tok out the 7 and 10 pins leaving the 6! Neither team could play for some minutes with laughing.

The YBC at Wolverhampton asked the General Secretary if he could provide certificates with the achievement awards? The Gen. Sec. made enquiries and within a few days certificates were on their way and they are available upon request from the BTBA at Ilford.

## Teresa Burt

I started bowling nearly two years ago. In the first year I didn't achieve all that much. I was just trying to learn all different types of techniques. In the last six months my bowling has improved. When I reached the average of 120 my parents began to enter me into tournaments. Some of which I like to tell you about.

My first one was an inter league knockout tournament. I started as a 23-1 outsider, but three rounds from the end I was made favourite. I am pleased to say that much to the astonishment of the older bowlers I won. For which I received my first trophy.

I was chosen from the Y.B.C. at Dagenham to bowl in the Essex Youth trials which were held at Basildon. There were six girls that bowled out of which I had the second highest entering average. I also qualified in second place.

After qualifying for the Essex youth team, I bowled at the Airport with the other three girls plus a few others which were swapped in for a few games. We all bowled well together hitting above our entering averages, which I feel is an achievement considering we had not bowled together as a team before. We finished overall coming in sixth place. We were all pleased with this position.

I also bowled for Dagenham at Sunderland. This was a nice experience of bowling at another centre and meeting different people. In the singles I bowled a 450 series which was above my average. I came in 4th position. In the doubles I bowled with Dean Saunders. I did not bowl as well in this set but we still came in 4th position. Although I did not bowl as well as I wanted to it was nice going just for the experience. The people were great. As soon as I bowled a good game they were cheering and clapping. They treat you as if they know you.

I entered into the Feminine Focus tournament which was held at Dagenham and organised by my mum and Miss Jan Cormac. I entered with a 125 average and in my first set I bowled a 450 series in the singles. I bowled a 472 series in the doubles which gave me an all event of a 922 with my handicap it gave me a 1271, which won me the tournament.

I was then asked by Mrs Dolly Hart to bowl in the Pioneer as her doubles partner, and also in the team event with Mrs Hart, Jan Cormac and my mum. I found in the singles and doubles when I bowled that Dolly Hart really pulled me along even when I put my worst bowl down. She gave you enough encouragement that anyone could want. I really enjoyed bowling with her.

I thought that all the tournaments that I went in were all very enjoyable. I only wish there were some more girl bowlers in the Dagenham Y.B.C. because when I went

to Sunderland I had to bowl with a boy of my age and I had to go in the boys division.

I was a bit disappointed because I hit my first five hundred a few weeks ago, but I could not claim it because the nearest badge was a 550. It would be nice if B.T.B.A. considered the junior bowlers when scaling the badges because a 550 series is a high score to obtain when you have not been bowling that long.

I hope if some young bowlers like myself are reading this column that they are encouraged to carry on now that they have seen what can be achieved. I would like to thank my parents and all the people that have helped and encouraged me with my bowling.

## BEXLEYHEATH

Daren Phillips average 132 hit his first 200 8 spare, 3X, 9 spare, 3X for 214. Daren completed his series with 522 again a personal best for this promising 13 year old. David Petherick also 13, bowled a personal best series of 541, which included a personal best single game 213. David not to be outdone by his twin brother's performance at Basildon during the Inter Centre Championships. They were level after two games, when David decided to make his brother work hard. 213 was sufficient to head Robert in the personal best stakes.

# Scene Around SEBA **BASILDON**

The S.E.B.A. AGM was held recently, it attracted 14 delegates from 77 leagues to hear the SEBA Executive give it's annual report. I thank those delegates for their time and interest. No doubt if we had increased the SEBA fees, the rest would be swinging through the trees crying rape. The SEBA fee is now 3p, and has been so since last September. Our balance sheet showed that members throughout SEBA between 1st September 1981 until 31st August 1982 had contributed £1215.06. Basildon £76.16, Bexleyheath £538.78, Cliftonville £56.46, Dagenham £244.92, Southend £57.20, Walton on Naze £191.84 and Whistable £49.70.

At the meeting the delegates agreed to accept an increase to SEBA Budget for the current year from £1700.00 to £2050.00. It is expected that this amount to be expended as follows:

Stationery, postage, printing & paper £700.00. Telephone £150.00. Intercounties for Kent & Essex £375.00. Administration £200.00. Engraving and purchase of Trophies £125.00. Secretary's Expenses and Sundries £150.00. Last and not least £350.00 Area Secretary's Honorarium. Between the 1st September and 31st August £6885.87 passed through the SEBA Accounts in Tournament entry fees, prize payments, expenditure against our budget.

The Members of the present Council are Ted Shrimpton (BEX), Bill Ainger (BAS), Terry Saunders (DAG), Roy Myhill (DAG), John Cudmore (BEX), Brian Langford (BEX), Brian Morrison (DAG), Brian Molineaux (BAS), Joan Nutt (SOU), Jerry Lodge (BEX), Jan Hodge (BEX), Keith Hodge (BEX), Pat Presley (BAS), Vicky Timms (CLIF), Alan White (DAG), Sheila White (BEX), Alan Petherick (BEX), Dolly Hart (DAG), Aubrey Belson (WHI), Doreen Belson (WHI), Christine Lodge (BEX).

## SENIOR SCENE

Are you a bowler or a spectator? A little of both I suspect, me too, although I much prefer bowling. But there is one group in our little community that I will never tire of watching, the juniors. Wait! Don't stop reading it does concern you. If you've been to a junior tournament you may already be converted but if not why not try it, just once. You

don't have to know anyone, just watch the faces of these seven to seventeen year olds. The anguish of a missed spare, the joy of a strike, the despair of a tenth frame split, there all there, but there's something else too, PLEASURE. To you a game of seventy-six may be sheer horror, but to a seven year old that's heaven, something to tell Dad and Mum, a new badge to sew on the bowling shirt.

The NAYBC Nationals is the showpiece of the junior's year. The competition in singles and doubles is in age groups, but all groups bowl at the same time. There is nothing more enchanting than a four foot high seven year old picking up a spare, whilst on the same lanes a near six foot seventeen year old misses his.

I'll not deny that there are tears, but there is no back-biting, the rivalry is loud but friendly. Chants may ring across the bowl, "Airport, Airport" answered by "Sunderland, Sunderland" but when the medals are won the applause is genuine, the best team won.

If only a few more adults, not necessarily parents, would attend a junior tournament now and again, they may begin to see what the adult scene lacks. The juniors are proud to be bowling. Almost all wear shirts with their home centres name emblazoned on the back. There is courtesy on and off the lanes. The friendly greeting to last years rivals, light-hearted bantering, the mingling of accents, the raising of mascots, the cheers, the encouragement and most of all the sheer enjoyment.

At the end of the Nationals an award ceremony is held, so that everybody knows who has won what, and I will defy anyone of you not to get a lump in their throat when the bantams, the under 10's, walk proudly to the rostrum to collect their medals.

So now its up to us, the seniors, what would it cost to make our tournaments a pleasure to bowl in? The answer is nothing except the willingness to put enjoyment before winning as our number one aim. If we can learn from the juniors we can make it possible for them to carry their enthusiasm and enjoyment with them into senior bowling.

On the 14th January the Shell Trios held their Knock Out Finals, John Burgess (Ave 156), Peter Gorton (Ave 157) and Joyce Burgess (ave 140) known as Just Us had one of those nights.

John Burgess	177	163	201	541
Peter Gorton	196	146	181	523
Joyce Burgess	170	181	215	566
	543	490	597	1630

Their series sscore is just outside the Area Hi's.

A fine performance, as well as knocking out the Birds of Pray, they took 8 points then on the 28th January they were to meet the league leaders the "Konks". A change in their team line, Kevin Ward instead of Joyce Burgess. Their scores were:

John Burgess	201	147	126	474
Peter Gorton	231	177	147	555
Kevin Ward	214	165	203	582
	646	489	476	1611

The results of their efforts was a draw 4/4. Graham Warner asks if John qualifies for the Failure Club? Most definately Graham. Where was Joyce? Their 646 takes 1st place in the Area Hi's.

Sharon Lawrence of the Monday Mixed Fours ave 130, hit a personal best of 199 that included 4 in a row. Sharon bowles with the Honky Tonks, and only needed 8 plus with her last ball for her first 200. She says she left two that side, and one the other, which could have been the 3-6-7. Her beau Gary Collings of The Tribe fame no doubt comforted her with a few pints of Heineken in the bar.

Rosemary Wheatly of the Housewives Choice League was holding a 148 average when she scored 242-181-139 for a 562 series. Rosemary has been bowling for only three years, into the Area Hi's, and must be in line for County honours. Marion Drury also of the Housewives Choice League had an enjoyable finish to 1982, when on Dec. 7th hit 220-151-167 for 538, and again on the 21st Dec. 139-142-250 for 531, almost a Failure Club finish for Marion, as well as 1st place in the Area Hi's.

Doris Ainger has moved into 3rd place in the Area Hi's with a single game of 234. Tony Pavelyn's 580 in the Inter Centre Championship puts him into 3rd place in the Junior Section of the Area Hi's.

## BEXLEYHEATH

For their efforts in the Inter Centre Championships the Bexleyheath Juniors have entered the Area Hi's with a single game of 774, and their 2217 series. Well done **Terry Munson**, **Clive Bentley**, **Elaine Lodge** and **Robert Petherick**. **Clive Bentley** and **Elaine Lodge** lead the Area Hi's for three games. **Steve Carnall** in Bexleyheath's Hits and Misses recently scored 266 for 3rd place in the Area Hi's. Bowling in the Spartan League **Mark Pattenden** (ave 120) rolled his personal best game and series, 184-486. **Mark** has only been bowling for a few months. Keep it up **Mark**.

Congratulations to **Colin Oliver** and his wife on the recent birth of a girl, sorry ladies I don't know her weight, length and whatever you ladies like to know and I know it's disgraceful and I have to admit that I don't know the name of **Colin's** wife!! Staying with **Colin**, he recently hit a personal best series of 532, and I believe it was his first 500. He was playing in the 545 league, for the **Diamonds**.

Bowlers and Teams are required for a scratch Trios league Tuesday nights starting at 9 pm at Bexleyheath. The new league is expected to commence its action the middle of April. If anyone is interested please contact **Jan Hodge** at Bexleyheath any Tuesday night or telephone 01-852 7934 between 6 and 7pm any weekday.

**Phil Russell** since departing from top flite bowling with the All Stars and settling into Kent and playing just once a week at Bexleyheath seems to be getting better and better. In this season's Roundtable League his personal record card shows consecutive series of 594-605-648-611-681-631-593-612-574 for Bexleyheath's first ever 200 plus average of over 205. Ex All Star team mate **Ray Hook** is still averaging in the 190's.

## CLIFTONVILLE

**Nigel McCall** was due to play for Cliftonville in the Inter Centre Championships, but was prevented because his career in football looks like taking off. On the day of the tournament a football coach for Arsenal was taking great interest in his ability with a football.

Cliftonville staged their Bowler of the Year Tournament recently, they adopted a Petersen Points 11 game round robin. 1 point for a win and 1 point for each 50 pins. The last man

to qualify was **Nigel McCall** with games of 192-257-240-689 in the Mr. & Mrs. League and into the Area Hi's. The best competition came from **Laurie Walmsley** and **Nigel McCall**. **Laurie** had defeated 6 of his previous opponents, **Nigel** 7. All throughout the tournament **Laurie** and **Nigel** were neck and neck. **Laurie** had a slight advantage in pinfall. The last game, **Nigel** had a bye but still needed to score 200 plus. **Laurie** needed to win, play average to take the title. **Nigel** was the first to finish scoring 198 and that was not enough. **Laurie** meanwhile was losing his last game, and only managed to score 155. So it was all down to statistics. **Nigel** had won 9 games with a pinfall of 1915. **Laurie** had won 7 games with a 2018 pinfall, that gave **Laurie** a .06 win over **Nigel**. How close could you get. **Laurie Walmsley** 47.36, **Nigel McCall** 47.30.

The Ladies Title was at stake, the issue was decided over 9 games. **Jill Baldwin** stormed to a glorious victory with games of 182-187-202-192-248-160-191-160. **Jill** finished with an average of 188.6. Second to **Jill** was **Joyce Eare**, who although was suffering from the after effects of flu, averaged 166. **Joyce** and her family moved to Cliftonville in 1979 and up to that time played league at North Harrow.

That report was from **Vicky Timms**, thank you **Vicky**, but where has **Joyce** been since 1979, welcome to SEBA **Joyce**.

The Beavers bowling in the Animal League scored 622, and take 3rd place in the Area Hi's. **Gary Steventon** scored 208, **Tony Peeling** 225 and **Steve Drury** 189. **Jill Baldwin**, also playing in the Animal League is back in the Hi's with 177-257-167 for 601. **Paul Crundell** another Animal League Member in the news with 182-218-239. He moves into 4th place by one pin over **Roy Myhill**. From the Animal League we have **Anne Simmons**, she scored 222-214-181 for 617, and takes second place from **Jill** and pushes **Rose Wheatly** out of the Hi's, but fails to make it into the Ladies single game rankings. Hello, Hello, what's this then? Yet another from the Animal League. It must be thanks to the lovely **Sylvia Colley**. Thanks **Sylvia** you're a darling. **Bob Potts** 552, **Keith Luxton** 559 and **Paul Crunden** 639 for 1750. This series takes them into 1st place in the Trios. I must say it is refreshing to receive so many from one league. More please, then I would not have to write Editorials!

## DAGENHAM

**Alan (Lord) White** bowling in the Flinstone Mixed Doubles, has not made it into the area Hi's but has qualified for the 600 Club with 607.

**Colin Grainger** of the Lions Bowling Team in the Sunday Rollers League dropped me a line to advise that his league has a weekly spot in their local paper the Barking and Dagenham Advertiser, and sent me a cutting. **Colin** is assistant Editor on the Advertiser's sister paper the Newham Recorder and he sends the column over to the Advertiser's Sports Editor. They feature the weekly results, individual and team high series, high games etc. full league table positions and summaries on the night's most interesting games. **Colin** adds that they have been most fortunate to have the column published for nearly two years and occasionally have been able to include pictures of presentation nights and dances.

Thank you **Colin**. If you would like to be EDITOR instead of Assistant Editor, the pay is non existant, just say the word.

**Rowland Foxley** sent me a letter noting that the Area Hi's for the Trios were not very High, and ask to be considered for the back page. Well **Rowland** your score only just made it into 3rd place in the Trios for the series and 2nd place for the game. Your series qualifies you for the 1983 600 Club. Thank you **Rowland**.

## SOUTHEND

As you can see by the front page the 21st SEBA Championships is scheduled for Southend on the 8th - 14th and 15th of May. Entry forms are in circulation and you should enter early. I was hoping to announce the date and venue for a presentation banquet. The projected date is of June and the Venue will be in Essex. The final arrangements will be published as soon as they have been finalised

Not much comes my way by way of news from Southend except **Mark Presley** bowling in the Shrimpers League started his new year with a 678 series that included games of 265-210-203. I always find it difficult to decide whether to list Hi Scores by Juniors in the regular or Junior section on the back page. Many many times Junior scores listed at the bottom of the back page are better than higher up the page. No doubt the same dilemma beset my predecessors. When is a Junior not a Junior? Could it be when he is as good as his seniors.
