

many?... However it must be said that "Manhattans" did not bowl to form, but nevertheless a milestone has been passed.

WEEK 8

"Brooklyn Specials" moved back into top spot following their 3 - 0 win over "Late Arrivals" who were unlucky in the first two games. "Manhattans" sneaked up into third place as a result of their 2 - 1 win over "Demolition" and courtesy of a few minus bonus scores from teams above them last week.

"Nuts & Bolts" drew nearer to the mid-table chasers after defeating "Atom" 2 - 1. Yet another point for "Hit 'n' Hope" - are they going to make a habit of it?

This week "Cookies" were the providers by just one pin in the first game and made sure that was all by easily taking the second and third games.

"Interlopers" and "Toxic Waste" fought out a close match with only 8 pins between the teams after two games with one a piece. The "Lopers" duly took the last point and made good bonus in the process.

WEEK 9

"Brooklyn Specials" consolidated their position on top with a convincing 3 - 0 victory over "Manhattans". The scores were dominated by a fine 630 series from John Smith that put the "Specials" in the driving seat.

"Atom" are making a late surge towards the top and now find themselves in second place not far behind the leaders after defeating "Mix Ups" also 3 - 0.

"Late Arrivals", blowing "hot & cold" over recent weeks, moved up into third place after a 3 - 0 win over "Hit & Hope" with Matt Slade being top scorer with a 607 series.

"Cookies" crushed "Demolition" 3 - 0 with Don Cook doing the damage with a 583 series and climb into fourth spot.

"Fat Alberts" suffered a set-back at the hands of "Toxic Waste" who with Mark Lcke rolling a 583 series took the first two points before the "Alberts" got to grips. "Interlopers" improved their standing with an easy 3 - 0 win over "Nuts & Bolts" with Chris Rice putting together the third 600 of the night with a 606 series.

WEEK 10

Well it looks as if it will go to the very last frame on the final night to decide this Summer's Champions.

"Brooklyn Specials" hold on to a very slender 30 pin lead after this weeks matches and rectification of an error on last weeks score sheet. The total points for them was incorrect 23 + 3 = 29 oop's but then history was always my weak subject. Joking apart sorry lads but it has been a long season!

The "Specials" narrowly defeated "Cookies" by just two pins in the last game but lost overall bonus. "Cookies" in the otherhand made useful bonus and hang on to 4th spot.

The main contenders for top-spot are "Late Arrivals" who defeated "Manhattan" 3 - 0 and made a one and a half point bonus to climb into 2nd place. "Nuts & Bolts" really screwed up "Fat Alberts" title hopes handing out a 3-0 thrashing with Chris Smith rolling a 618 series. The "Fat Alberts" with a game in hand, will need something of a miracle to threaten the leaders now.

"Demolition" moved up a place courtesy of the strongest team in the league "Hit 'n' Hope" who have found it a very tough summer, but to their credit they keep coming back for more.

"Toxic Waste" easily put it across an out of salts "Mix Ups" to take not only all three points but a point bonus.

BLACKPIN SUMMER LAGUE - 1993 FINAL RESULTS

What a finish to this summer's league with four teams all within a point of each other. The "Brooklyn Specials" took the 2nd game and really put the cat amongst the pigeons giving "Atom" and "Late Arrivals" the opportunity to draw level. "Atom" having narrowly lost the first game to "Fat Alberts" set to making amends with two 400 plus games to secure a handy 1100 series and over two points bonus to stay in contention.

"Late Arrivals" after two points in the first two games were well placed but unfortunately lost the last game to "Demolition" and failed to make a much needed bonus. Meanwhile "Interlopers" were creeping closer taking "Mix Ups" to the cleaners in their wake. They however finished just short of the target

required nevertheless a valiant effort.

Also cooking up a score was Kevin Milham steering "Toxic Waste" to a three nil win over "Nuts & Bolts" with a very nice 626 series. In the final match "Manhattans" just got the better of "Cookies" in a low scoring contest.

It was all then down to the calculator to seal the fate of the top three. A red hot "Mr Casio" finally came up with the following:-

| | | |
|-----|-------------------|-------|
| 1st | Brooklyn Specials | 29.41 |
| 2nd | Atom | 29.35 |
| 3rd | Late Arrivals | 29.01 |

So it all boiled down to just 6 pins! a really tight finish produced by all concerned.

BLACKPIN LEAGUE WEEK 1

They're off on another season of expectation with roughly the same teams as last year, but with a few changes in line-ups and names - who are "Ratners"? All teams should now have come to terms with the bonus situation and we can expect a very close fought battle.

The Ragged Edge 1 - Strikeforce 2
Two new teams names here where the "Raggies" did well to take the second game but were well beaten in the other two. "Strikeforce" made good bonus and must be contenders with their well balanced team.

Gentle Touch 0 - Heavy Impact 3
Our ladies of "Gentle Touch" proved too good for the "Heavies" as they surged to three points and good bonus - but if I recall they started well last year!

Manhattans 3 - Kamikazi Trio 0
"Manhattans" started well with a good win over the unpredictable "Trio" who it must be said were very disappointed not to have "automatic scoring" - but Ray, you still have to roll your own "ball". "Manhattans" put together three good games with two new members who are to become regular commuters from "Bexhill".

Demolition 2 - Deadly Doughnuts 1
Last years champions "Doughnuts" had starting problems - not getting into gear until the last game by which time they had lost that point to a minus bonus! "Demolition" faired slightly better

but only because they won two points to compensate for a minus bonus of very nearly the same.

Ratners 0 - S & S Motors 3

Well here they are, where did they get that name from? I think it stands for "Real Rubbish" according to their C.O. The name didn't help them as the "Motors" cruised to a three nil victory and a bonus point.

Bowlmasters 1 - Capos 2

The "Capo's" summer confinement under "Guru" George Carey certainly worked as they outpointed "Bowlmasters" picking up two bonus points in the process. If they continue like this they must finish higher than last year.

WEEK 2

Kamikazi Trio 0 - Strikeforce 3

New name or not "Strikeforce" took no prisoners as they hit the "Trio" with two fine games after taking the first by just one pin. The "Trio" managed to take a point bonus but were no match on the night as "Strikeforce" made two and a half points bonus.

Ratners 0 - Bowlmaster 3

Still no joy for the "Rotten Ratners" but they certainly gave the "Masters" a run for their money, finally bowing out as a result of a fine 655 series from Mike Luckhurst for the "Masters". Both sides made good bonus which puts "Ratners" into the black.

S & S Motors 2 - Deadly Doughnuts 1

In a close match the "Motors" just got the better of the "Doughnuts" in the 'splits stakes'. Both sides just made target, the "Doughnuts" spot on and "Motors" 3 pins over.

Ragged Edge 1 - Demolition 2

A good night for both teams bonus wise with "Demolition" making 137 pins and the "Raggies" making 109 pins. "Demolition" took the odd games of three but were given a fight in the third.

Capos 1 - Gentle Touch 2

After a good first game "Capos" lost their way to just lose the second and were well and truly "Ottawayed" in the third as Jackie rolled a 233 game. "Capos" made a 34 pin bonus but were left behind as the "Gentle Touch" made 135 pins - second highest of the night.

Heavy Impact 0 - Manhattans 3

In a low scoring match "Manhattans" had the upperhand in all three games but were unable to make bonus. Top of the table on week 1. The "Heavies" suffered a loss of nearly a point bonus and were dumped down to 9th place.

Week 3

The Ragged Edge 0 - S & S Motors 3

The "Motors" cruised to the top spot after this 3 point victory and a 249 bonus against the "Raggies" who made their target score on the nose. Averaging 217 (incl. H/cp) the "Motors" chalked up the league High Team Game (700) and High Series (1953) during the match.

Kamikazi Trio 0 - Demolition 3

"Demolition" lived up to their name as they trounced the "Trio" with consummate ease rolling a 197 (incl. H/cp) average and picking up 147 pins bonus as they slipped into third place.

Deadly Doughnuts 1 - Strikeforce 2

After being well beaten in the first two games "Strikeforce" clawed their way back to take the last two but could not hold on to top spot. The "Doughnuts" made a useful 76 pin bonus to move up a place.

Capos 1 - Manhattans 2

After a terrible first game "Manhattans" came back to take the last two and even made their bonus target. "Capos" on the other hand suffered their first minus bonus of the season.

Ratners 3 - Gentle Touch 0

"Rotten Ratners" finally got going at the expense of "Gentle Touch" - have they no chivalry!

WEEK 4

Bowlmaster 3 - Kamikazi Trio 0

The "Masters" prevented the "Trio" from taking their first points of the season by pinching the first and third games by the odd spare. Both teams clocked up over a point bonus, very welcome for the "Trio" as it puts them back into the black.

Manhattan 2 - Deadly Doughnuts 1

A very close encounter with "Manhattans" just getting the better of the "Doughnuts" by the odd game.

Demolition 2 - Capos 1

"Demolition" moved into 2nd place as a result of this victory. They were given a shock losing the first game to the "Capos"

but were not to be caught for the next two.

S & S Motors 2 - Heavy Impact 1
League leaders "S & S Motors" were given a fright as the "Heavies" took the first game and started well in the second, but a spirited reply from the "Motors" was rewarded with the point. The third was another nail-biter which saw the "Motors" pinching it by 9 pins.

Ratners 2 - Strikeforce 1

"Ratners" came away with a good result against an out of salts "Strikeforce" and but for a few more pins in the second game would have made it a whitewash. The scoring was not however earth shattering and both lost bonus points. The Ragged Edge 1 - Gentle Touch 2
A real cracker as the "Gentle Touch", after a poor first game, fought back to take the last two. With the overall scores being equal and both teams just making bonus, it really was close

WEEK 5

Ratners 2 - Demolition 1

A good scrap here as "Ratners" found a "nice bit of merchandise" to peddle to good effect as they rattled up a massive 147 pin bonus, collecting two games in the process. "Demolition" were not to be outdone as they collected an 81 pin bonus plus the odd point in a cracking second game. "Demolition" remain in 2nd place whilst "Ratners" move up to 5th.

The Ragged Edge 0 - Manhattans 3
The "Raggies" were no match for the "Manhattans" losing not only all three points but also very nearly 3 points bonus. As a result of this victory "Manhattans" become yet another team to head the league.

Strikeforce 1 - Heavy Impact 2

In a comparatively low scoring match "Strikeforce" were just pipped by the "Heavies" in three closely fought games. Both teams managed odd pins above target to make bonus - a good thing considering the scores.

Kamikazi Trio 2 - Gentle Touch 1

Another low scoring match that saw the "Trio" move out of the basement courtesy of the fairer sex. "Gentle Touch" were spot on target whilst the "Trio" managed a 24 pin bonus.

S & S Motors 1 - Capos 2

Yet another low scoring match with last

weeks leaders "Motors" after a good start promptly lose the last two games and a hefty 65 pin bonus. "Capos" with captain Mike, rumoured to be having an audience with the Pope - this can't be right George!, easily took the second and third games but again were unable to prevent a loss of 37 pins.

WEEK 6

Demolition 0 - Heavy Impact 3
Second place "Demolition" faltered as "Heavy Impact" pulled out all the stops to take all three points. The "Heavies" also made a point bonus to hoist themselves two places up the table into 6th place. "Demolition" lost a half point bonus to add to their woes but still cling to second place.

Ratners 1 - Manhattans 2
A good tussle here as league leaders "Manhattans" took the first two games but were unable to hold back the "Rats" who took the final game with comparative ease. Both teams made bonus with "Manhattans" opening up a three point gap at the top of the table.

Capos 3 - Strikeforce 0
Another poor result for "Strikeforce" as they never looked like setting the "Capos" any problems. Lead by the venerable Mike, just returned from his trip to the Vatican. "Capos" streak up to 5th place - must be their highest placing for at least 3 years!

S & S Motors 2 - Kamikazi Trio 1
Apart from the first game the match drifted to a finish in near silence as the scores tumbled with both teams losing bonus.

Gentle Touch 1 - Deadly Doughnuts 2
Another low scoring match but a bonus point for the "Gentle Touch" was more than welcome.

CLIFTONVILLE YBC PRESENTATION AND BBQ

Well it's been along season, league every Saturday except when there have been tournaments to take its place and we have been travelling around the country this year. So now it is time for the juniors to sit back and relax and reap the rewards they deserve of the last season.

Every junior went home with a trophy or medal no matter how well they did, well done to all bowlers for a splendid year.

League Champions this year "Tenpinators", namely, Kevin and Colin Milham and Dominique Steventon.

2nd, Predators, Chris and Daniel Harmen and Lindsey Allerton.

3rd, Boomersboys, Steve Hatt, David Milham and Mark Icke.

Mark also took the Boys High Average, Bowler of the Week, High Game Scratch and High Series Scratch.

Amanda Ottaway, for the girls, took High Series Scratch and High Game trophy.

In the Handicap section new comer Jamie Cuthill took both High Game and Series trophies, well done Jamie for your splendid bowling this year.

Amy Cole took High Series and Lindsay Allerton High Game.

Personality Plaque went to Chris Ennis a new plaque donated by our Mayor of Margate. And Most Improved Bowler went to Martin Mackinnon.

After everybody had finished eating burgers, gammon and sausages the juniors wanted to play cricket against the oldies and of course the juniors won, victory again, but the adults blamed the darkness as it was getting on to midnight when we decided to stop play.

Thanks to Jackie & Colin Ottaway and Steve Hatt for the loan of the garden again and the disco.

CLIFTONVILLE YBC AT MARGATE CARNIVAL

We phoned around at the last minute to get some bowlers to walk in the carnival, thanks to S & S Motors for the loan of the van which looked great with balloons and trophies, thanks to all bowlers who decided to have a water balloon fight and of course you all decided to get me soaking wet, but we had great fun.

And to a certain person who I shall not name, simply for my own embarrassment for giving her a black eye in the water fight all I can say is blame your daughter!!!

A big thank you goes to Pauline, Jackie and Don for making the van look so splendid and

of course we could not have gone far without our driver Baz. Hope you all enjoyed yourselves in the carnival.

KENT TEAM

Congratulations to the following who represented Kent in the Juniuor Inter-County Tournament held at Liverpool in September.

Our Congratulations to David Milham, Mark Icke, Kevin Milham and Amanda Ottaway.

We had a great weekend (sorry Bexley could not get into same Hotel!!!! at least we were safe with the hotel keeping it's tiles!!!!). Neither the Boys or Girls teams came away with a medal but their performance gives great hope for future years.

EBONITE NITRO

EXPLOSIVE PERFORMANCE

The Nitro is Ebonite's latest step in the development of the ultimate high performance bowling ball. The Nitro's urethane cover contains two performance additives. At 11.5 pounds, the

Nitro has the most urethane of any ball on the market. Ebonite's Dynamic Core allows for a number of drillings that will provide the experienced bowler a variety of ball reactions.
