

captain Chris Harris.

9.87

9.87 take 6th place so far this season with 28 points. Young Marcus Goodall at the head of this team with the back up of Chris Ennis and Andrew Icke this team have much to look forward to **(BY THE WAY MARCUS DAD TONY GOODHALL WAS ONE OF THE COACHES BEATEN BY ONE OF HIS TEAM AT THE COACH AND FOURS JUST BEFORE CHRISTMAS. I THOUGHT I WOULD JUST MENTION THIS JUST IN CASE THERE WAS ANYBODY THAT HAD NOT HEARD.)**

#### ENERGISERS

Next up in 7th place also on 28 points but just slightly down on pin fall to 9.87 are the Energisers led by Jason Vigneron and accompanied by Anthony Chang with us after a years break from bowling, and thirdly Daniel Harman another team to watch out for in the league.

#### STEROIDS

On to the Steroids in 8th place with 25 points. Captained by young Darren Constable whose doing very well with a 138 average and his team mates, new comer Craig Collington and Damien Ackhurst, Damien has just bowled his personal best game of 106 and series of 287 (well done)

#### CHAMPS

In 9th place on 24 points we have our one and only all girls team the Champs, consisting of Stacey Cuthill, Amy Cole and yet another newcomer to bowling Joanne Cobley, who just before Christmas bowled her personal best game of 140 and a series of 362.

#### HIGHJUMPERS

In 10th place are the Highjumpers with 12 points. The intrepid threesome of brother and sister Matthew and Kathleen Heaysman and cousin Philip Moody travel from Dover every Saturday to bowl in our league.

#### JAVELINS

Finally we have the Javelins in 11th place on 7 points. Timothy Evans at only 8 years has already improved from a 39 average up to 56 in this his first season. Nicholas Cobley is another newcomer enjoying himself bowling and finally team-mate Sarah Moody who has only been bowling for just 6 weeks and already bowled her personal best of 75.

#### SINGLES SCRATCH SECTION

This has been a new idea this season. 10 of the more experienced juniors asked for a singles section and it was decided it could be done by incorporating it within the trios league. They would still bowl their normal team series but they would also be competing against another bowler as designated by their own singles league scheduled whether they be on the same lanes or not. So for the season this season sections standings are:-

Kevin Milham	39 points
Mark Icke	32.5 points
Steve Hatt	30.5 points
Dominic Steventon	29 points
David Milham	26 points
Chris Harman	23 points
Jason Vigneron	23 points
Chris Harris	17 points
Jamie Cuthill	11 points
Andy Icke	9 points

#### CLIFTONVILLE YBC WELCOME NEW BOWLERS:

Just before Christmas we took on some more bowlers. Ashley and Jonathan Rich, Richard Tewksbury who travel from Ashford to bowl with us on Saturday mornings, Euan Jennings Gareth Simpson David Moody and Claire Richards.

So all bowlers could start straight away we decided to start a singles handicap with the help from some of our existing bowlers to start straight after the trio league. This league has only been going a few weeks but the points so far for this league is as follows:

Andrew Icke	8 points
Chris Harris	7 points
Ashley Rich	6.5 points
Darren Constable	5 points
Richard Tewksbury	4 points
Euan Jennings	3 points
Claire Richards	3 point
Kathleen Heaysman	3 points
Chris Harman	1 point
David Moody	1 point
Gareth Simpson	0 point

#### SNAKES AND LADDERS

This is another new idea introduced this season. The idea being for every pin over your average you bowl each week you get a tenth of a point and at the end of the month the bowler with the highest number of points if the winner it also

works the other way as well because if you bowl under your average you get minus points, as some of the juniors may have noticed when they have looked at the result sheet.

Lucky bowlers to win:-

Jamie Cuthill  
Mark Icke  
Joanne Cobley

## OLYMPIC LEAGUE

by Steve White

Since I last wrote a lot of balls have been bowled and also a lot spoken mostly in my reports. So as to change nothing here we go for a load more b\_\_\_s.

Since my last report Glaze-rite have had a good run but last years champions Mean Machine were at last getting their act together and were closing in.

We had a good many 600's in week 19

with Gary Harland of The Blues Brothers having a 606 as did John Amos of Glaze-Rite, but Total Recall managed two 600's, one from Keith Allsop 652 with a 263 game and 639 from Neil Webb these scores helped the team to a team Scratch game of 1080 which was to stay until the end of the season.

Brian Savage of The Addicks in week 20 started with a 237 but then faded where on the other hand I started with a 158 and ended with a 257 and 626. Malcolm Fuller (609) and John Smith (602) also having 600's this week.

Carol Callow had another good week for Glaze-Rite with 3 200's, 211, 209, 234 for a 654. I must mention Mike Root of The Chessmen who had a 603 in this week as I didn't mention his first 600. I went mad and had another 600 but Mick Brown of The Addicks didn't but he did have a 231.

Week 22 saw two teams bowl a 1000 game those being The Mean Machine 1003 and The Chessmen 1007 with Tansel Oljay supplying a 232. The Mean Machine's 1000 was aided by Marc Carver 234 and yes it's about time he had a name check Keith Hodge 234 (608). Two other 600's came from Alan Jones of the Highwaymen and my other arf Sheila, a 618.

Whilst I was other wise engaged or on holiday or something, Lesley Pope stepped in to lend a hand and proceeded to bowl a 159, 240, 215 for a 614 and then having the cheek to take all the pot games.

Four 600's came in week 24 two from husband and wife (but in different teams) Jan Hodge 177, 241, 235 for a 653 and Keith Hodge 610. The other two 600's were from Alel Lawson 637 (243) and Cliff Dew 627.

Well I went completely mad in week 25 and had a 660 (199, 258, 203) and my team mate Marc Carver a 600. Carol Callow also had another 600 a 623.

With the season getting towards the end Glaze-rites lead was slowly being reduced by The Mean Machine. Alan Jones had three 200's this week 215, 230, 203 and a 648, and Keith Alsop a 618.

If there is a big gap here it is because the editor has omitted my next comment and that Mr. John (yes I am the

editor) Cudmore bowled a 195 (I bet he left that bit in) and then he bowled a 99 (dear typesetter this is not an error this is a true fact), oh what the pressure of work does to a man.

Glaze-Rite, not giving up their lead easily bowled two 600's both from women, Carol Callow 622 and Sheila White 635. On the other hand Mean Machine were not giving up the chase for number one slot with three of their bowlers bowling games in excess of 230, Marc Carver 231, Bob Hayter 236 and Keith Hodge a 234 and 606, the team also having a 1029 game. Brian Dodds of Going Spare a 638 and Kevin Hollyhock a 619.

The Highwaymen were the only team to find 600's this week one from Phil Eldridge 606 the other from Chris Skudder 626 (245).

Marc Carver in week 29 still fighting to hold onto the knockout trophy that he won last season helped his cause with a 655 (242), Neil Webb of Total Recall having a 602 (253).

Week 29 was really the league decider with Glaze-Rite playing The Mean Machine, Glaze-Rite going into this match had a slender 1 point lead but by winning could extend it to 8, but with both teams on form and the lowest game being 916 the result went in favour of The Mean Machine winning all 7 points and thus gaining a 6 point lead in the league.

Week 30 and Marc Carver is still battling it out in the knockout and doing it very well his first game of a 141 didn't help but the following 235 and 227 (603) certainly did. Carol Callow having yet another 613.

In the penultimate week Jan Hodge had a 603 (238) and Alel Lawson a 602.

And so to the last week (They taught me at skool never to start a sentence with 'and' but who cares the rest of me grammer is perfect). Glaze-Rite could still win the league if Mean Machine were to be beaten and they were to win but alas it all went wrong for them in the first game when the Addicks took the game off them and The Mean Machine winning the league for the fourth time in a row.

However nobody told "you know who" that it was all over, for on the last week of the season he took the league high

series and game with a 226, 289, 214 for a 729, well done Mr. name check himself Keith Hodge (I type this whilst biting my tongue as his final flurry cost me the prize.

Although The Mean Machine won the league they failed to wrestle the team series from Glaze-Rite in the last week as they started with games of 1015, 1045 but falling away in the last game with a 928. Two other 600's to wrap things up these coming from John Amos 605 and Cliff Dew 613.

So with the final standings as listed herein I shall close but just to say that when the new season started again The Mean Machine had a torrid time but that will follow in my next report.

### SPARTAN TRIOS

by Steve White

The new season is now under way with the early pace being set by Them'n'Her with Eric Austin 577, Paul Fletcher 567 and Brian Millgate 567 bowling a scratch Team Series of 1711.

Frank Weston of the Stokers in week two had a first game of 236 but with a 159 middle game he just failed to make a 600, bowling a 598.

Week four and Snafu with the aid of yours truly, yours truly's sister in-law Lou Jackson and yours truly's wife Sheila White bowled a team scratch total of 1758 (1890 with handicap) with Sheila bowling games of 181, 251, 226 and a 658.

Brian Millgate in week five helped Them'n'Her bowl a 642 scratch team game by bowling a 244, this he followed up the following week with a 234 and 622, Paul Fletcher of the same team had a 234 middle game.

Brian continued his very good form the next week with a 635.

Two 600's were bowled in week eight by John O'Neill of Not Enough a 616 (248) and Bert Mitchell of The Hustlers a 625. Neil McNally had a 233.

The G.T's in week nine had a handicap team game of 683 helped by Kathy Goodwin with a 202 but we won't mention her first game of 93. I also went mad this week and had a 614 (238), what a rare thing.

Brenda Reed yours truly's other sister in-law (no wonder I struggle to bowl on Wednesday night with all these female in-laws about) had a 222 game sandwich between two 150's.

Week 12 was a good week for the area secretary Christine Conner for after changing lanes after a breakdown she proceeded to bowl a 275 which I believe if a personal best.

Another Personal best was bowled in week fourteen by Paul Fletcher with games of 233, 184, 239 for a 656 series.

After a quite few weeks Alan Hart making a cameo performance for Snafu had a 235 and a 632 series, other 230+ games came from Paul Fletcher 235 and Adrian Conner 238.

Struggling with my bowling at the moment the night of Wednesday 29th Dec. was to say the least uplifting, on this night Sheila had a bad eye, so I took her to the hospital to get it checked (I preferred it blue myself) anyway after treatment we rushed to the bowl to find that our team only had two bowlers, with the first game already having been bowled I put my shoes on to bowl the last two games. Without any practice I went on to make a 233 and a 220, but I was soon brought back down to earth the following week with my usual 506.

With her eye getting better Sheila bowled a 609 in week 21, and Dave Mitchell a 233 but with a last game of 137 a 546 was all he had (Oh I wish).

So with two schedules down and one to go Snafu have a slender two point lead over The Hustlers but with all teams having a good amount of points it's anyone's league.

### FIREBALL LEAGUE

by John Cudmore

With only ten weeks to go in our 33 week season the race for the championship is very close. "Blue Thunder" (Allan and Maureen Thompson, Tony and Lorraine Cummerson and Greg Booth) and the "Split Pins (Roy and Maureen Memmott, Brian Griswood, Alan Openshaw and Bill Sayers) both have 111 points, closely followed by last seasons champions "The Pinslayers" (Jim Middleditch, Fred Collins, John Darby and Steve Cook) with 110 points.

Some note worthy and personal best scores of recent weeks have included Kaye Cudmore 220 game, Alan Terry 616 series (his first ever after how many years Alan?), Maureen Thompson 224

Roy Memmott 605 and 602, Chris Genovese (started the season with a 115 average) 470, 472, 475 and 480, my how he has improved!

A 501 series for Vicky Preston, her first for smoe time, 633 for Andy Krangel, 690 for super sub Mark Muir and last but by no means least Steve Williams who recently went through a four week spell of 623, 580, 622 and 591.

## MARGATE

### HOLLYWOOD BOWL MONDAY TRIOS

by Rosemary Bentley

We are just over halfway through the league, with 3 teams, Top Hats, Family Practice and Trolls tying in 1st place on 48 points each.

Close behind in 4th place are the Misfits with 41.5, 5th Dolly Mixtures 41 and 6th the Vipers on 40 points. I can see that there is going to be a very exciting conclusion to the end of the league.

Malcolm Fuller is holding the mens high series with 638, and is also tying for the mens high game with Richard Shingleston with 254. Richard is holding top average in the league with a very creditable 189.

A mention for Spencer Snow who is bowling very well with series of 594 - 592 - 588 - 581 to his credit and a respectable average of 177. Harry Phillips 592 and 578 with 2 excellent

games of 243 and 242.

For the ladies Sandy Sawyer is leading with a 610 series and 244 game. Sally Fuller 596 - 593 - 587, and is holding ladies high average on 176. Yvonne Bright has bowled a couple of good series of 580 and 572 and June Bentley a 551.

Our all ladies team "Dolly Mixtures" (Sally, Gill and Sandy) are holding team high series and game 1684 and 587.

Well done to Paul Monks for bowling a personal best series of 592 with games of 203 - 179 - 210, and John Wright for a 552 and 221. Other good scores came from Kevin Perkins 592 and 233. Tom Sawyer 590. Crez Coombs 572, Roy Hubbard and Tony Gipson 565, Shane Wilson 552 and 221, Peter Williams 542 and Bill Peachy 540.
