

again and playing well (current average 153) - she missed a very large part of last season with a knee injury. Watch Jonathon Darren and Chris as well. They are also experienced bowlers who could easily turn this year's title chase into a one horse race.

Three men and a Baby (Joe Cooper, Richard Waters, Robert Windell and Keith Wallace - Who's the baby then?) are currently lying third in the league. All four are very capable bowlers on their day - Robert getting that remarkable 265 last season. If any of them hit that kind of form consistently this year, they could well end up as Three Winners and a Somewhat-more-grown-up winner!

Aren't team names fascinating Oh Shonet (Lisa Downs, Mark Lovett, Kevin Franks and Phillip Hackman) is a name I must ask more about! Kevin is a YBC newcomer - just 8 years old but already averaging 111. With Mark's experience (average 159) and the right enthusiasm from the team, we could well see Oh Shonet shining. Another potentially strong team are Us and Them (Andy and Lisa Wraight, Stuart Belcham and Helen Perkins). Kent player Helen with her ever-improving team could give the others a surprise or two this season. Andy has just made his first 200 (sadly, though not in the league) and sister Lisa is averaging 138. If she isn't close to a 150 average at the end of the season, I will be very surprised.

Bedrockers (Jennifer Beale, Anne Perkins, Katie Collins and Antony Cooper) must have derived their name from Jennifer's brother's team Flintstones, at least I hope so. Jennifer is already averaging 160, 20 or so more than at the end of last season and holds the girls high game 216 and series 545 for the season so far. Anne and Antony are also playing very well, both sporting averages of 128. Could the Bedrockers rock the Flintstones? Who knows.

And last but by no means least, the Pink Ladies (Rachel Thompson, Rebecca and Clair Ward and Kristina Collins) are the newest and one of the youngest teams. It may not be their year this year, but they should be aiming for the most improved bowlers awards this time around and next year who knows. Finally welcome to the Symes sisters - Pandora, Joanne and Anna, soon to be in a team I'm sure.

BEXLEYHEATH

FRIDAY FOURS LEAGUE

by Jerry Lodge

The Friday Fours League at Bexleyheath has been running since 1977 and as complete records have been kept, they publish their own "Hall of Fame" at the end of each season.

The 1994 season resulted in a comfortable win for the Pro-Shop, whose team was Tom McQuade, Moss Ryder, John Amos, Ray Archer, Brian Millgate and Chas Painter.

However, the Changes to the "Hall of Fame" came from other teams, the most notable being the High Series for Men and both Scratch and Handicap being achieved by the long standing secretary of the League, Ken Morris, with games of 266, 278, 176 to give a total scratch score of 720 and a handicap series of 729. This was just enough to pip the previous high of 712 scratch (721 handicap) rolled by Moss Ryder in 1991.

The high score of Ken Morris assisted his team, Climax, to take the high Scratch game with 898, the other team members being David Wain 211, Rob Packman 209, and Paul Prestidge 200.

The handicap was not enough to catch the other record for this season when Chaos rolled the high handicap single game of 920. The scratch scores in this game were Doreen Lodge 224, Denese Taylor 207, Angie Thick 210 and the sole male, Jerry Lodge 205. Now Jerry Lodge knows what anchoring bowling is all about as he needed to spare the tenth frame to score a 200 game and keep up with the ladies.

This has been a high scoring season over the 22 weeks with a total of 3168 games, there were 40 individual 600 series, 330 games over 200 and 14 Team Games with scratch scores over 800.

The leading individual averages for the league were:-

Men		
1st	Chas Painter	189.6
2nd	John Amos	189.1
3rd	Rob Packman	187.6
4th	Ken Morris	187.6
5th	David Wain	187.3
Ladies		
1st	Doreen Lodge	167.8
2nd	Angie Thick	159.5

OLYMPIC LEAGUE

from Steve White

When we last spoke Glaze-Rite were trying hard to win the League for the first time after coming runners up on many an occasion.

Well to cut a long story short they finally achieved it on the last week of the season. Bunny Inc. came a close second and last seasons winners, The Mean Machine came third.

Many a 600 have been bowled since my last report 39 to be exact and so as not to sound boring and making this report to long I am going to mention just four of the best, these being bowled by Steve Dodd of Going spare 257, 247, 190 for a 694, this being good enough for the Individual Series Scratch, Dave Grant of The Chessmen a 246, 189, 242 for a 677. Keith Hodge 236, 208, 225 for a 669 and finally Matt Bruce of The Pinbusters 237, 235, 193 for a 665 well done to these four bowlers and indeed to all the others who bowled a 600 but did not get a mention.

Two games worthy of a mention were 269 from Keith Hodge and 268 from Dominic Jackson.

So once again congratulations to Glaze-Rite for finally winning the league and to all the other bowlers who had their own personal achievements throughout the season. The final positions were as follows:-

Ten weeks of the new season have been bowled and the scoring has greatly improved.

In the first week Keith Hodge had a 630, Dominic Jackson a 625 and Dave Fannon a 611. John Smith posted a 243 opening game.

After two weeks last seasons champions Glaze-Rite were tying at the top with the Blues Brothers, Glaze-Rite also posting a 2955 team series and a 1009 team game with help from Chas Painter whose games were 229, 212, 223 for 664. Two other people to triplicate 200's this week were Cliff Dew 223, 215, 227 for 665 and Dave Grant 235, 201, 214 for 650. Keith Hodge made it two 600's in a row with a 623 and Kevin Hollyhock raised the High Game to a 265.

Week three and we had a three way tie between the Mean Machine, The Highwaymen and The Blues Brothers. Steve White and Fred Spears had 600's, 616 and 612 respectively as did Chas Painter a 628, but the best set came from Dominic Jackson, 674 with a 265 game.

In week 5 Keith Hodge carried on his run of 6s this time a 627 also Paul Fletcher had a 608. John Amos raised the High Game to the new level of 266 while having a 636. Chas Painter still hitting the big sets had a 661. Margate bowler Malcolm Fuller had a 607 and Dominic Jackson having yet another six with a 614. Yours truly also had a 640. Kevin Hollyhock had a triple 200 series

in week seven as did Malcolm Fuller, Kevin having 211, 222, 234 for a 667 and Malcolm 203, 216, 246 for 665. Tansel Oljay managed two 200's and 619. Also this week Bunny Inc. set a Team High Series with H'cap of 3104.

In week 8 my 16 year old son stepped in to my team to help out and promptly beat the lot of us with a 619, well done Jeff. The Highwaymen enjoyed the lanes beating Bunny Inc.'s 3104 with a 3136 with Mick Cope upping the High Game yet again to 268 while bowling his 671 series. Alan Jones helped out with a 607 the team also currently holds the Scratch Team Game with 1044.

By week nine the Mean Machine were leading the league having beaten Glaze-Rite the week before but with the Chessmen beating them 7-0 this week it elevated Glaze-Rite back into the top slot and with Bunny Inc. winning as well they moved into a close third place.

Week ten and with the Mean Machine winning 7-0 and Bunny Inc. beating Glaze-Rite 7-0 thus elevating the Mean Machine back into top place and Bunny Inc. into second with Glaze-Rite going down to third. The Mean Machine failed by one pin at both attempts at the high team series and the high team game having 2954 and 1043 (shame I hear you all cry). However I did raise the High Game yet again to a new level of a 278. I also managed a 658, Keith Hodge once again had a 600, a 625 as did three other bowlers, Robin Baxter 201, 234, 213 for 648, Kevin Hollyhock 616 and Neil Webb a 631. I must also mention John Scott of the Rookies having a middle game of 247 and just missing out on his first 600.

So that brings us up to date with the Mean Machine to play Bunny Inc. in week 11, read the outcome in my next report. And so once again if you have bowled a personal best and it's not here then you have not told me about it.

SPARTAN LEAGUE

from Steve White

With 25 weeks of the league having been bowled this will be an abridged version of what has gone on.

First we had two new teams join us, one all ladies and another of all juniors. So I would like to belatedly welcome them in print. The ladies team called the Widgets and the Juniors the Jedis.

In the early part of the season past champions the Hustlers took the lead but were closed in upon by G-Force and last seasons champions Snafu. By week seven the Hustlers maintained their lead over the junior team the Jedis with three more teams all close behind in third.

In week nine John O'Neill had 268 game and 641 series for Not Enough. Snafu also closed to within half a point of the leaders, but then lost 3-0 the next week and promptly drop down to fifth place. The Stokers on a winning streak moved up to tie for first place with the Hustlers.

The following week the Hustlers lost 3-0 and relinquished the top slot to the Stokers with Not Enough moving up to second, who then went on the following week up to the top place.

In week seventeen the juniors go top of the league followed by Not Enough and the Stokers. The week after, Snafu moved back into the top three with the help from myself having a 665 and 255.

Week nineteen the Jedis are still top but Snafu move up to second. Worth a mention this week was a 624 with a 245 game from Tim Head.

With the Jedis and Snafu for six weeks hardly dropping a point between them, they extended their lead over the rest of the league, the Jedis maintaining a 3 point lead over Snafu.

Not Enough pre-bowling their match had a team game of 668 (716 with handicap) John Tinnams 239 and John O'Neill 259, John O'Neill also going on to make a 659 series.

So to week 25 and Syd Goodwin starts with a 257 followed by a 214 then a 178 for a 649, well done Syd. That brings us up to date except that I forgot to mention that while I was on holiday Mandy Tinnams had her first 200 game, a 203, Well done Mandy.

It's nice to see bowlers from Chatham in our Club listings. Come on Gravesend where are you?

To remind you of the rules for registration of your scores for Club Listings.

All scores must be bowled in a BTBA sanctioned League or Tournament.

Membership forms are sent out with every league kit but if you run out just complete details (name, score, league in which score bowled, average and leagues secretaries signature) on a sheet of paper and send to the editor of Bowling News or the KTBA Area Secretary.

200 CLUB - For all bowlers with an average of 159 or less at the time a 200 or more game was bowled.

500 CLUB - For ladies who bowl a 500 series or more irrespective of average.

550 CLUB - For all bowlers with an average of 169 or less at the time a 550 or more series was bowled.

600 CLUB - For all bowlers who bowl a 600 or more with no average restriction.

You must bowl and register your score each year, memberships are not carried over to the following year.

Our CLUB TOURNAMENT for 1994 registered members will be held at Top Ten Bowl, Cliftonville, on Sunday 2nd April 1995 and as we get nearer that date our Area Secretary will be distributing Tournament entry forms to those bowlers who have registered their scores.
