7pm Virtual Meeting

Chair Report

Actions from the meeting of 08/04/2021.

- *KTBA Minutes and Reports of 08/04/2021 were sent to the BTBA and Regional Officer on 12th April 2021.*
- *On 11/04/2021 I emailed BTBA regarding the contributions for 2019-20 and received the following response.*

Unfortunately, due to the Coronavirus Pandemic and our hugely depleted membership numbers, we have not been able to issue rebates to Local Associations. With so many members choosing not to support the association, there simply hasn't been the funding available to be able to pass money on to LA's. Some members are still expecting an extension to their already expired memberships so turning the membership ship around is going to be difficult.

Based on our current level of membership, and what I believe our projected membership renewals will be for the next 18 months, Local Association rebates are unlikely to be reinstated until 2023, in my opinion. I will of course continue to review this and hope that we will be in a position to resume rebates as soon as possible.

Kind regards
